Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel makes you sick; you lose a day's work. Calomel in guicksilver and it militates; calomel injures your liver. If you are bilious, feel lazy, sluggish and sil knocked out, if your bowels are constipated and your head aches or stumach is sour, just take a spoonful of inaminess Lodson's Liver Torie instead of using sistening, sallwating colomel. Industry Lots Torie is real liver medicine. You'll know it next moming because you will wake up feeling fine, your liver will be working, your heads with be swapet and bowels regular. You will yell like working, your stomach will be swapet and bowels regular. You will feel like working, your stomach will be swapet and bowels regular. You will jeel like working your stomach will be swapet and bowels regular. You abottle of Dodson's Liver Tone to people who have found that this pleasant, evegatible liver medicine takes the place of dangerous calomed. But one bottle on my sound, reliable guarantee. MARCH URGES NEED OF RAPID DISCHARGES

WASHINGTON, March 31.-Necessity for the prompt discharge of all

men who can be suared from the army and whose enliatment contracts do not hold them beyond the period of the war, is emphasized by Gen. March, in a circular of instruction to demobilization officers, made public today at the war department.

"The attention of all is again directed," it says, "to the importance of discharging from the military service as rapidly as they can be spared, all men drafted or enlisted only for the period of the emergency."

The order directs also that previous instructions shall be interpreted so that men will be let out where there is no specific reason for their being retained even though they are not in the classes authorized for priority of discharge.

Where a camp is to be used for storage purposes and will require additional personnel to be retained on that account, Gen. March directs that the commander refer the matter to Washington for decision.

The committee plans to send teams to all of the principal industrial plants of the city to seek subscriptions. The campaign opened Monday with visits to the Memphis Furniture Manufacturing company, the Jorgensen-Bennett Lumber company, the Bosaworth Bag company and the Edgar Morgan company. Others were visited Monday and there will be a number on the list from day to day until the required sum has been secured. At each place negro speakers

they occupy in our midst. It will make them more industrious and more efficient, and consequently more prosperous and better satisfied, which in turn will add in a considerable degree to the prosperity and well-being of the community at large. So if we ignore entirely our moral obligation to our negro citizens and consider the proposition from a business standpoint only, I feel sure that any aid we lend to further this enterprise would be a paying investment, and with the indersement of such influential bodies as the Employers' association and the Chamber of Commerce and a favorable public opinion, we have every reason to hope that the means for launching this very commendable undertaking will be promptly secured."

—Allen Bond Hearin, soldier, wounded in France, the only son of Mr. and Mrs. Feno J. Hearin, formerly of this city, but for the past year residents of "Little Rock, died Saturday in the base hospital at Atanta, Ga., where he was sent for treatment.

His death was occasioned by blood poisoning following an operation on his left arm, which was badly shattered in the battle of Solssons in July, 1918.

Hearin was but 19 years of age when he volunteered for the Third Ariansas, but was later transferred to the First Arkansas and sent to Camp Beauregard. La., where he was promoted to corporal, but gave up his chevrons to go to France. He arrived there about April 1, 1918, and was immediately sent to the front to join the old 26th regiment, an old regular army organization, with men who were soldiers by profession. They went over the top three times before Hearin was hadly torn by a shell, and he lay helpless on the battlefield some time before he was removed to a hospital for attention. His battalion was cited for bravery in the Solssons battle. SOLDIER DIES IN HOSPITAL

ASSERT RUSSIA WANTS AGREEMENT WITH ALLIES

LONDON, March 31.—George Lamsbury, editor of the new labor newspaper, the Dally Herald, declares the allies have received a proposal for an understanding with the present rulers of Russia and intimates the conditions of that understanding are the withdrawal of allied troops from Russia and the abandonment of the policy of interference in Russian affairs. Russia, on her part, would, be willing not to interfere with the affairs of other nations: allow Finland, Esthonia, Ukraine and other republics formed from the brygone Russian empire, to choose their own forms of government and to pay Russia's international debts.

The writer minimizes stories of outrages by Russian revolutionaries, declaring such happenings have been less frequent than in other revolutions on a similar scale. He avers that Nikolal Lenine, the Boishevik premier, and Leon Trotzky, the Bolehevik minister of war and marine, have been "outrageously significant of Russia as "clear and uncorrupt." The reorganization of industries is proceeding everywhere in Russia, Mr. Lanebury says. LONDON, March \$1.-George Lane

OF STRIKE HELD FALSE.

PARIS, March El.—Reports that the rabicoad strike in German Austria has been settled are untrue, according to a Vienna dispatch to the Echo de Paris, which was forwarded by way of Genoa. Negotiations between the strikers and Herr Benner, the chancellor, and Herr Deutsch, secretary for military affairs, have falled and the strike continues on the eastern and southern railroad, it is said.

Col. Cary, of the British army, who is at Priest, has offered to act as asbitrator, but the strikers have been destroying railroad property and stopping the transportation of food. A council of railroad workers has been formed in Styria.

Chancelior Renner has implored the strikers to moderate their demands, pointing out that in case of complications, the entents troops will occupy the country. Employes of the western section of the Franz Joseph railroad have Joined in the strike which prevails on the northern and northwastern systems. A British representative at Vienna is reported to have issued a proclamation to the public exhorting the pecule not to interrupt the movement of food supplies. The situation is reported to still be grave.

IN THE AMERICAN BATTLE
ARMA. March 31. (Correspondence of the Associated Press.)—Four inousand men of the A. E. F. are now engaged in the registration of and searching for the graves of Americans who died in battle. The work of seeking the resting places of American heroes is being undertaken by the section of grave registration, which is directing its efforts so as to be able to designate the graves of every American should congress authorize return of the bodies of the falles.

Tireless seeking for identification tags marks the daily task of the men of the graves registration section. They set out on their solemn mission equipped with pick, shovel and gas mask. Sometimes they pry down into the ground for the identity of the dead warrior, sometimes they prevent into the recesses of discarded dugouts and sometimes they clear away the brush of the forest to find some trace of the victims of battle.

Each cemetery where Americans have been headed in the protection of the present icon prices of cotton to prices unjustifiable low prices are causing is not at all surprising. It is a fact that cotton is selling for six cents less per pound than it was at the time the armistic was signed. The spiners at home and abroad, though they are in need of more raw cotton, The big cotton manipulators believe that this is the psychological moment to thrust these low prices upon the merchant and the farmer who are lightly as a scheme of the big cotton interests to enrich themselves and rob the cotton of armers. There is, in my candid opinion, no other explanation for the present they clear away the brush of the forest to find some trace of the victims of battle.

Each cemetery where Americans have been headed to the present low prices are causing is not at all surprising. It is a well-known fact that the American spiners have only a limited stock and the foreign milis are practically without a supply. With this inand agriculture asking my opinion in

the big cotton interests from buying the farmers' cotton at a ruinous price or a price less than it cost to produce the cotton. The answer is for the farmers and merchants of the South to hold on to what cotton they now have and reduce the aureage at least 25 per cent for the coming crop. It has always been the rule that with leas cotton the better the price. Why grow 14,000,000 bales of cotton when 10,000,000 hales will bring the same money? Why not use the energy spent in producing the 4,000,000 extra bales in raising foodstuffs that can be easily grown in the South? Wouldn't bega good thing for the 250,000 farmers in Arkansas for the year 1918 to plant feed and foodstuff and other profitable crops? Millions of dollars worth of products can be grown in Arkansas that are shipped in from other states. AFTER BIG AIRPLANE
